

XL BOLT-ON DISPLAY VIEWER

XL Bolt-On Display Viewer! This application communicates with the Vorne XL Series Productivity Appliances, continuously fetches the live view and displays this message in a window on your PC's display.

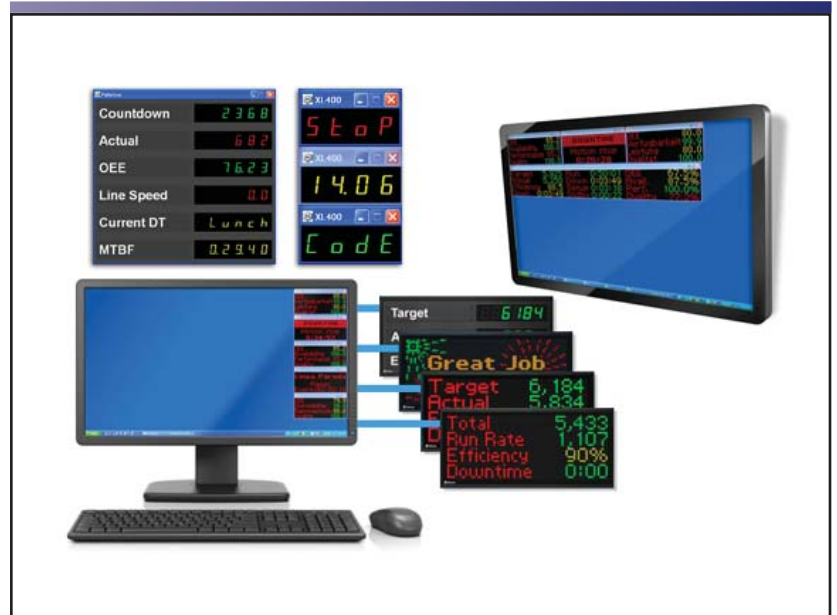

Multiple Challenges:

Do you need to:

- See live data from multiple XLs on your desktop?
- Show live XL Data on an LCD/Plasma display?
- Duplicate the data from one XL to many LCD displays?
- Show live XL data from one or multiple XLs in hallways, break rooms or anywhere?

One Solution:

The XL Bolt-On Display Viewer!

Features and Benefits:

- Simple configuration - Supply IP address and device name.
- Nothing to program, nothing to setup.
- Supports multiple XL Devices – one or many on a network.
- Auto-Launch for Kiosk or unattended displays.
- Selectable Trim for custom backgrounds and tight arrangements.
- Tool Tray Icon for control of runtime parameters and easy startup and locating.
- Simple Licensing – file key
- Free Demo Runtime!
- FAST!
